

IFA **BOGALE**

PROGRAMMER

Profile

I'm Ifa Bogale, and I recently received my computer science degree from Haramaya University. I have a solid background in software development and programming, which I have refined via challenging coursework and practical projects. My passions are investigating new technology and finding solutions to challenging issues. I have actively participated in cooperative team projects throughout my academic career, which has helped me develop my analytical and collaborative skills. I can't wait to use my skills and contribute to cutting-edge tech sector solutions as I get ready to enter the workforce.
